

AMBIT PENDANT LAMP

FURNITURE / LIGHTING / ACCESSORIES

PRODUCT FACT SHEET

TAF ARCHITECTS ABOUT THE DESIGN "Why do you get attracted to certain shapes and not others? With Ambit we worked with the form and proportions in a very thorough and almost meticulous way. There is a dynamic between the linear and rounded shape that creates an attractive outline. A timeless pendant, which never becomes boring to look at. The lampshade is made of a lightweight spun material and the dual-tone, with the inner white, adds a delicate contrast."

PROCESS Made from old braizer traditions, the lamp shade is press spun by hand. Hereafter, the lamp shade is polished and painted by hand.

DESIGNED BY / YEAR OF DESIGN TAF Architects / 2015
