# ARK CHAIR COLLECTION

Simply working with the standard dimensions of solid wooden planks, the Ark collection makes a statement with its honest, unapologetic and readable design aesthetic. Having responsibility in mind from the initial design phase to the flat-packed packaging, the chair is made in 100% FSC™-certified wood and is designed for disassembly to reduce its environmental footprint.

## Life is full of contrasts

As we navigate expectations and dreams in the search for meaning and comfort, we long for a balanced life with room for chaos and calm, moments of reflection and times of joy. A place where we can be ourselves, realise the true value of things and feel at home.

Based on a passion for authentic design and clear functionality, we challenge ourselves to shape the future and take pride in creating products that help you balance the contrasts of life.

Our soft forms, rich textures and deep colours allow you to create an authentic and composed atmosphere, while avant-garde shapes, striking patterns and curious details add a touch of the unexpected.

From our base in Copenhagen, we work with artisans around the world, fusing our Scandinavian mindset with global skills and traditions. We take our responsibility to people and the planet seriously and expect the same of our partners.

We create collections of furniture, accessories and lighting, so you can create space to feel comfortably you.

Welcome home.
