**LANTERNA**  
**PENDANT LAMPS**  
SAM BARON

EDITION 2014

*Description :*

---

Lantern is a pendant lamp designed by Sam Baron, that exists in three sizes and two colours, black and white. The simplicity of the structure contrasts with the atmosphere it diffuses: the light, reflected in the golden interior, suddenly gives the lamp a strong, warm and radiant aspect.

*Lantern according to its designer...*

---

« From a simple lamp to the recollection of a Chinese rounded lantern, Lantern is a family of different sized pieces that pay homage to the electric light that we all have at home. The golden texture transforms the light, creates a warm atmosphere and gives a special beauty to your interior, your favorite objects and intimacy. » SAM BARON

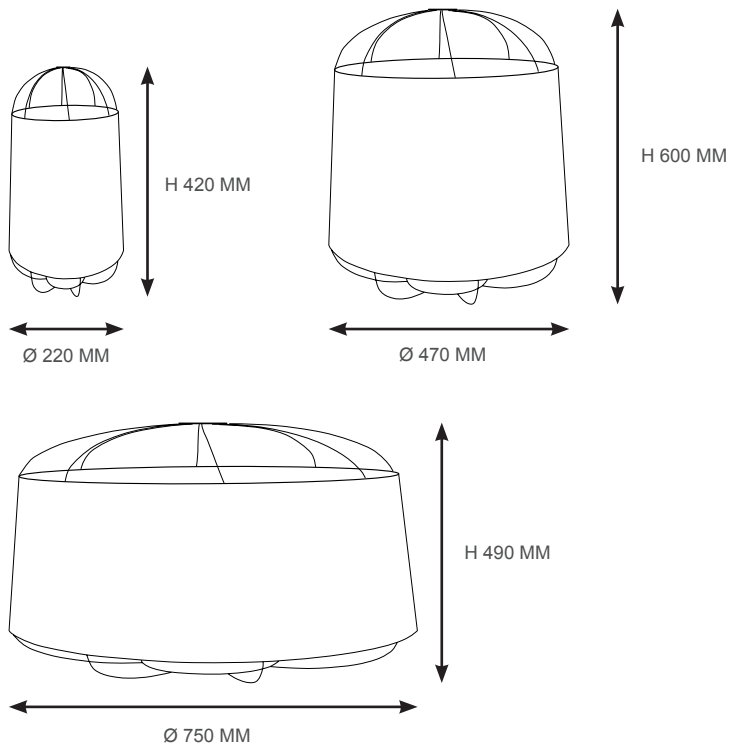

*The designer in a few words...*

---

Born in France in 1976, Sam Baron has a degree in Design from the Fine Arts School of Saint Etienne and a post-graduate degree from the National Decorative Arts School of Paris. He is an independent designer and currently heads the design department of Fabbrica, in the communications research centre in Trévis.
