**LOOP  
SHELF**  
AMANDINE CHHOR

EDITION 2011

*Description :*

---

Loop was born from a reflection by Amandine Chhor on the industrial constraints of soldered steel wire. This reflection inspired a wall shelf which extends over 1.60m of which 1.40m is functional space. The soldered steel wire gives the shelf a feeling of lightness whilst assuring great solidity. The shelf is perfect as a double bed headboard or as shelving for the length of a single bed or desk. With its remarkable contours this shelf in lemon yellow wakes up your interior whilst in white blends into the background.

*Loop according to its designer...*

---

« Loop was conceived from the wish to generate new curves from existing constraints in the production of shopping trolleys ; the the result is a poetic shelf, ideal about a bed or a desk »  
Amandine Chhor

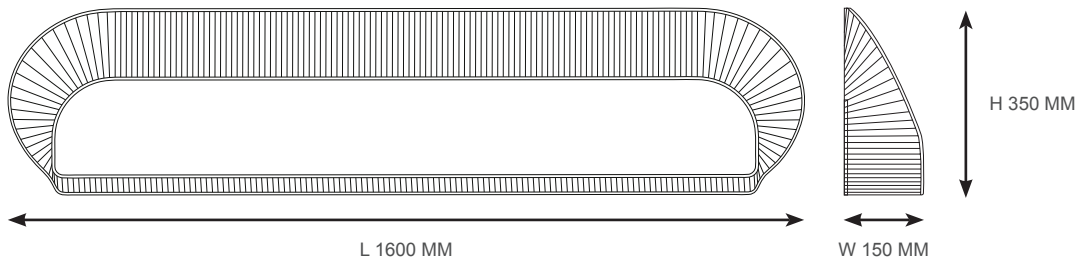

*The designer in a few words...*

---

Born in 1983, graduated with a master's degree in industrial design from ENSCI-Les Ateliers in 2009, after studying applied arts at ENSAAMA Olivier de Serres from 2002 to 2004. Since 2008, she shares her activity between collaborations with design agencies and the development of personal projects, in France and abroad. Since 2011, she worked as a project manager in Hermès Research and Innovation Department before joining the Artistic Direction.

## Range :

---

WEIGHT: 5 kg

## Colours :

---

WHITE  
REF. M0090101

YELLOW  
REF. M0090102

## Technical specifications :

---

- MATERIAL: *Steel and grained epoxy paint*
- MADE IN: *France*
- ENVIRONMENT: *Indoor and outdoor*
- COMPONENT'S DESCRIPTION: *Provided with 6 painted screws and 6 pegs*
- DIMENSION OF PACKAGING: *60×18×38 cm*
