

## CASTING CONCRETE

<b>Insulation class</b>	Class II
<b>Beam angle</b>	82°
<b>Mounting</b>	Ground
<b>Lamps description</b>	Power Led: 9W - 780 lm ≠ FIXT 513 lm - 3000K/CRI 80 - 220-240V
<b>Environment</b>	Outdoor
<b>Notes</b>	We recommend using a connection system with a degree of protection greater than or equal to the degree of protection of the luminaire.

<b>Technical description</b>	The body of the Round version is made from a mould, with poured concrete consisting of cement, fine inert materials for aggregating purposes, and reinforcing fibers. Each article is manufactured individually with a handcrafted process: minor aesthetic and color differences between one luminaire and another are the sign of the uniqueness of each lamp. Each luminaire has a frosted polycarbonate diffuser glued to the heat sink of the product to ensure a watertight seal (UV stabilized to minimise yellowing). The luminaire is provided with a segment of outgoing cable in neoprene, with a kit of electrical connection for single multicore cable, and with dowels for installation on full and solid surfaces. The fixing plate for installation on cement paving, poured concrete, or on plinth is available as an accessory.
