Coated fiberglass-based composite material, PMMA, coated metal and aluminium

## COLORS

Carmine, Greige

# Twiggy Grid, outdoor

technical details

FOSCARINI

A lamp-icon in its outdoor version. Based on the image of a fishing rod as it curves, Twiggy Grid embodies its flexibility, clarity and strength, gathering them into an object with a vivid personality.

FOSCARINI

## MARC SADLER

Marc Sadler boasts lengthy experience as an industrial designer in the field of sports, which has often led him to experiment with new materials and innovative production processes.

This innovative and experimental approach has become his modus operandi, even when he designs for sectors which are traditionally more focused on the styling component. He has won four Compassi d'Oro ADI, including the one for Mite and Tite in 2001, for projects which have become genuine icons in the Foscarini collection, together with Kite, Twiggy, Tress and Jamaica, each one marked by technological and styling innovation.
