Box-Bed

SKU:

C02-008-01-S/SM/M/L, C02-008-02-S/SM/M/L,
C03-008-03-S/SM/M/L

Description:

The Divo dog bed offers your dog the ultimate in both style and comfort. With its pure design and available in three contemporary colors, the box bed blends in seamlessly with any modern interior.

The structured fabric gives the box bed a fresh and modern look without lacking functionality. As all MiaCara box beds, Divo is designed with soft yet sturdy bolsters and an elastic mattress, providing your dog with the most comfortable bed to curl up in.

The viscoelastic foam mattress moulds to the shape of the dog's body, while the sides keep their shape to support the dog's head. The high-quality materials are made to last and offer exceptional support even during continuous use.

For an extra layer of warmth and softness, combine your dog's Divo box bed with the matching Unica fleece blanket.

Material:

- Inlett: Cotton blend fabric: 60% Cotton/40% Polyester
- Foam Filling: 100% Polyurethan
- Cover: 100% Trevira CS / 82% PES, 18% PAN

Foam properties:

- stable and durable
- climatizing
- hypoallergenic
- permanently elastic

Care Instructions:

Inner Cushion: 60° C gentle wash cycle

The cushion filling is made of extremely soft, open cell foam. To ensure longevity, the cushion should be maintained and cleaned accordingly.

Wash the inner cushion with a mild detergent up to 60° C. We do not recommend using chlorinated and chemically aggressive washing products. A brownish discoloration of the foam cannot be avoided, but has no effect on the quality of the foam.

After washing and rinsing, please remove as much water as possible with the spin cycle. The inner cushion is best air-dried on a rack. It can also be tumble dried at 90° C, but please avoid over-drying.

Please plump up the inner cushion regularly so that it retains its fluffiness and shape.

Mattress: 30° C gentle wash cycle

Wet wash with a commercially available mild detergent at temperatures up to 30° C. It is not recommended to use highly chlorinated and chemically aggressive washing additives as this can damage the memory foam when drying.

After washing and rinsing please remove as much water as possible through the spin cycle. The mattress can be best dried by air on a rack. It can also be tumble dried at 90° C.

Cover: 60° C washable

The cover is washable at 60° C or can be dry cleaned. After washing, let the cover air dry on a rack. Please do not tumble dry. After drying, iron the cover at low temperature.

Please note that by intensive use, the surface of the fabric may be roughened and lint nodules can form (so called pilling). This cannot entirely be prevented and is therefore no reason for complaint.

For simple and uncomplicated cleaning in between, just vacuum the surface of the mattress with an upholstery brush.
